

L'unification des forces

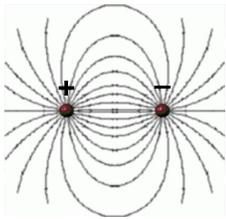

Mécanique terrestre

Mécanique celeste

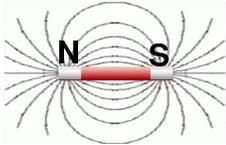

Gravitation Universelle

Masse inertielle et masse gravitationnelle

(I. Newton, 1687)

Electricité

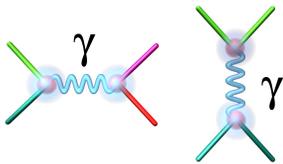

Magnétisme

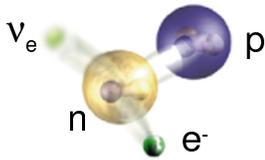

Electromagnétisme

Onde electromagnetiques (photon)

(J.C. Maxwell, 1860)

Electromagnétisme

Force faible

Electrofaible

Les boson intermediaires W, Z

(1970-83)

?

Sonder des distances plus petites fait apparaitre des regularités plus profondes

DESCRIPTION UNIFIEES
